

Evergreen Electronics is a leading green provider of refurbished IT hardware solutions specifically tailored for B2B-focused organizations and all levels of education. We specialize in the refurbishment of Dell, HP, and Lenovo business-class desktops, laptops, monitors, servers, and peripherals. Our goal is to help you! We pride ourselves on offering full-service support throughout your IT lifecycle to ensure your purchase through tech retirement is a seamless experience. Every system we offer is accompanied by a robust, 2+ year warranty, personally guaranteed by our team. This accountability has helped us maintain a less than 1% return rate year over year. We aim to provide you with the best refurbished IT hardware solutions in the market. That's the Evergreen Standard.
