

Founded in 1981 as a family-owned local dealer of consumer electronics, CEI has evolved into a distributor of hundreds of categories of products and millions of items. CEI has been the largest supplier on GSA Advantage for three straight years, with more items on contract than any other supplier. The company's family roots remain an essential part of the corporate framework, enabling CEI to provide a personable and friendly customer experience despite its large customer base. Additionally, they continue to develop and maintain strong relationships with their vendors consistently providing high quality products at competitive prices. As a Woman-Owned Small Business (WOSB), CEI takes great pride in this excellence and continually works to adhere to this guiding principle.
